

Proposal Writer

About Bridge the Gap

Bridge the Gap (BTG) is an innovation consultancy boutique that supports tech-based start-ups or Small-Medium Enterprises (SME) to overcome the challenges they meet in the journey to market.

BTG provides its clients with the following services.

- Public fundraising in European Programs. Proposal ideation, coordination and writing for the following programmes: EIC Accelerator, Eurostars, Financial Support to Third Parties, EIT calls and Horizon Europe programme.
- Project management of granted projects: we provide project management services to our customers for whom we have secured European funds.
- Private capital: we provide consultancy services to start-ups to define their technology roadmap, business model, commercialisation strategy and financial plan; we prepare data room for private capital round, and we match with investors.
- Business creation and communication activities: we collaborate in market impact and dissemination activities for the innovation ecosystem

What will be your responsibilities?

- Learn and understand innovative technologies in digitalisation, cleantech and life sciences.
- Write high-quality proposals for EIC Accelerator, Eurostars or Funding Support to Third Parties.
- Review of writing quality of proposals, business reports and technical documents.
- Market research.

What requirements do you have to meet?

- Bachelor's degree in engineering, Physics, Biomedicine, Biology, Environmental Sciences, or any other Life Science (required).
- Three-year experience in proposal writing: SME Instrument, EIC Accelerator or Eurostars (required)
- High proficiency in English (required)
- Advanced knowledge of the Microsoft Office package (Word, Excel and PowerPoint).
- Capable of working under pressure.
- Analytical and methodical approach.
- Team player.
- Eagerness to learn cutting-edge innovations in science and technology.
- Eligible to work in the European Union.

What will you get as part of the Bridge the Gap team?

- Competitive salary.
- Flexible working time in a hybrid model (in-person and remote) or completely remote.
- Teamwork with an open mindset.
- Sharing the passion for innovation.
- Creative work.
- Learn and share knowledge and ideas.

We are a young consultancy company and want to join people motivated to grow professionally together with us!
